

THEATRE SPACE AT A.E. HARRIS.

The theatre space is a converted factory workshop. The venue is normally set up for end on performances with a seating bank in place. The seating bank can be removed and the space configured differently but this can be time consuming and may incur additional hire charges.

Please discuss your requirements well in advance.

DIMENSIONS:

(See plan)

The room is 22 M long and 7.3 M wide.

The normal performance space is 9.4M deep - but this includes any "backstage" space that you might need.

The width is 7.3 M but 2 pillars restrict this to a 5.4M "proscenium" opening.

There is a large RSJ above the stage area at 4.75M height.

PERFORMANCE SPACE:

The stage is black painted MDF over a concrete floor.

There are no dressing rooms, toilets or sinks in the space. Any backstage areas or wings that you require have to be created by using masking flats or curtains.

Also there are no exits from the performance area without going through the audience.

Toilets and a kitchen with a washing machine are available across the service yard.

LIGHTING:

There are 4 scaffolding bars for overhead lighting at 4.7M height.

24 Strand ACT 6 16A dimmers - normally situated SR.

There are no pre-wired lx bars. All lanterns have to be individually cabled. So lanterns can be rigged wherever you need but may take time to be cabled up.

LX desk:- 1 x Arri Mirage Microvision FX. (A Zero 88 Juggler is also available)

LANTERN STOCK:

21 x Teatro 650w Fresnels

2 x Source 4 Jnr 650w Profiles

Various Birdies, Pin spots and Floods also available.

SOUND:

2 x Wharfedale Titan 15 400W loudspeakers

1 x Yamaha MX 12:4 Mixer

1 x Peavey CS 800 Amplifier

2 x SM58 microphones

1 x Sennheiser ew500 wireless lavelier mic

Various CD players also available.

POWER:

Lighting is powered from a 125A 3Ph supply. There is a separate 62A supply.

13A ring main.

PROJECTION:

1 x Optoma Projector

1 x 10' x 7' pop up screen. Front & rear projection.

Various DVD players available. (No Blu-Ray)

GET IN AND PARKING:

It is possible to get a van into the service yard and get-in via double doors at the back of the space. It is then a flat carry alongside the seating bank.

Vehicles cannot be left in the service yard when the venue is open to the public but free on street parking is available in Northwood St in the evening and there are pay and display car parks and on street parking nearby.

SEATING:

The usual seating capacity is up to 54 seats on a steel deck rostra seating bank.

BAR:

There is normally a bar area set up behind the seating bank.

WI FI:

Open wi fi is available.

BLACKOUT:

The space is a converted factory workshop with windows all along one wall and skylights in the roof. There are blinds on the windows and some material in the roof but it is not possible to get a complete blackout - especially on matinees.

Please check about the availability of all the equipment listed as it may be being used elsewhere.
